

Kamutuuza News

October 2017

Greetings to all the sponsors of the KNAPS scheme from Doreen and Alan following our recent visit to Uganda.

This year as we gave out the gifts and letters from you, we took a photograph of each child. Also the KNAPS students received Exercise Books, a bar of bathing soap and sweets. New children into the KNAPS scheme received a new uniform. The sponsored children are now more static in the scheme and I have now, more help from two teachers at Tower Primary School (PS). A meeting with KNAPS parents was held which proved to be very useful.

The Scout Group received shirts, scarves and woggles from the Scouts Association here in the UK.

KNAPS Parents

Scout Group

As the Play Area is used continually we had the equipment re-painted in order to keep it in good condition. The children really enjoy using the equipment.

I helped with Craft work in Tower PS and with the children in Evelyn's Home. On some evening activities were held with the Evelyn Home's children and the Tower PS boarders, this included games and showing them film DVD's.

Primary class after craft

Evening games

Washable sanitary towels were purchased for the older girls in Tower PS, this will enable them, always to attend school. In connection with this a small private wash area was built for their use.

Sanitary Towels distribution

Other activities included;

1. A Ladies Meeting, the giving out of children's clothes, purchasing of jewellery and bags from Noeline (she runs an orphanage for children with disabilities) and further craft items from local people at Kamutuuza. These purchases help with their independence.
2. The purchase of Bibles for Bexhill High School Students.
3. A new well and pump installed and two other wells repaired.

New well

Alan again did Training for Village Pastors and Leaders, this was two three day sessions via our friends in Village Evangelistic Ministries. The training was well received and further Pastors and Leaders will be trained in 2018.

Our Chaplain, the Revd. Ian Henry, is serving both schools with services, school time and Sundays. He has a "listening ear" for counselling and visiting families in the locality. Once again we were welcomed by the Bishop of West Buganda, the Rt. Revd. Henry Katumba-Tamale, who is very interested in our work and would like us to expand our outreach.

Chaplain and Alan

We have a presentation about the work in Uganda and would be willing to show it at your church, a local community group or a local school. Please contact us if you would like to arrange a suitable date.

God bless.

Doreen McGraa
KNAPS Co-ordinator
